BRAND & PRODUCT SYSTEM · V1.0

Skee Block.

Quiet luxury, sharp edges.

BRAND ATMOSPHERE

A private-members feel for a neighbourhood chair in M'Sila. The classic barbershop's rituals — hot towel, straight razor, consultation — delivered with streetwear confidence. Black does the talking, white keeps it crisp, gold appears only where something is earned: a selection, a confirmation, a signature.

01 — LOGO

The mark leads. Everything else steps back.

The hand-drawn SKEE wordmark is used exactly as supplied — white on ink, black on bone. Never recoloured gold, outlined, stretched, shadowed or redrawn.

BLOCK

02 — COLOUR

Ninety-seven percent monochrome.

Gold is a signal, not a decoration: active states, the confirmed booking, a hairline under a headline. If a screen has more than one gold element in view, remove one.

03 — TYPOGRAPHY

Editorial serif. Streetwear grotesk.

Bodoni Moda carries the classic — high contrast, italic for emphasis. Inter Tight carries the street — tight, uppercase-tracked labels, crisp UI. Arabic pairing for a later phase: Noto Naskh Arabic + IBM Plex Sans Arabic.

02 — THE BLOCK

Old-school hands. *Street-born* eye.

[Brand story — two short paragraphs in Skee's own words: where he learned, why M'Sila, what "the Block" means to him.]

The room is quiet, the music is low, the tools are laid out before you sit. Nobody waits on a bench — your time is booked, and it's held for you.

01 — DIRECT WHATSAPP CONVERSION

Every doubt is one tap from *Skee*.

In M'Sila, WhatsApp is the booking desk. The site never competes with it — it routes undecided visitors there with a pre-written message that tells Skee where they came from, and routes decided visitors to the booking flow. One primary action per screen; WhatsApp is always the quiet second.

HERO	SERVICE CARD	BONE BAND	FLOATING PILL	BOOKING DONE
Secondary button	"Ask about this"	"Send a photo"	"Skee is online"	Direct line
"Salam Skee, I'd like to book a cut."	"Question about the Skin Fade — ". Service name is prefilled.	For visitors who know the look but not the service name.	Shows live status from admin hours; says "Replies at 10:00" after closing.	Code prefilled: "About booking SKB-4827 — ".

RULE
Never a green WhatsApp-branded button. The chat icon in bone or gilt keeps the palette intact.

TRACKING
Each link carries a short source tag, so admin can see which touchpoint brings bookings.

CLOSE THE LOOP
Said replies with a one-tap booking link pre-set to the service — the chat converts into a confirmed slot.

02 — REVIEW MODERATION FLOW

Verified first. Approved *always*.

Only clients with a completed booking can review, and only Said can publish. The system flags anything risky before he reads it — including reviews that reveal the private studio location.

STEP 1 — Visit marked done
Said taps "Done" in Today's chair

→

STEP 2 · +2 H — Review link sent
WhatsApp, single-use, tied to the booking

→

STEP 3 — Client submits
Stars + text + optional photo; sees "Pending approval"

→

STEP 4 · SAID — Moderation queue
Auto-flags shown inline

APPROVE
Published on the homepage with "verified" and the service name. Client gets a thank-you.

REPLY AS SKEE
Short reply shown beneath the review in italic serif — signed "Skee", never "Said".

REJECT
Hidden, kept in the archive. Negative but genuine reviews trigger a private WhatsApp follow-up instead.

AUTO-FLAGS: No matching booking · Contains a link · Phone number · Mentions address / directions · Profanity · 1–2 stars → owner follow-up

03 — REMINDERS & CLIENT COMMUNICATION

Few messages. Each one *useful*.

Six moments, sent on WhatsApp first with SMS fallback. Templates exist in Arabic, French and English; the client's language is remembered. Quiet hours 22:00–08:00, and never more than one promotional message a month.

INSTANT	−24 H	−2 H	VISIT	+2 H	+21 D

Code, service, time, cancel link. Location still locked.	Reply 1 confirm · 2 reschedule. No reply → Said alerted.	Map pin, parking note, Skee's direct line.	Receipt by email if opted in.	Single-use link. Sent once, never chased.	Opt-in. Timed to the service's regrowth cycle.
